### **Bishopthorpe Camera Club - Lecture by Mike Moats - Tuesday February 16th 2021 'The properly equipped Macro Photographer'**

Mike Moats is an international award-winning professional macro photographer from Michigan. Mike will share tips, tricks and visions for creating compelling images of the 'Tiny World'. He will cover the most important equipment for macro photography, how to control depth of field, a little about composition and of course the subject matter. He will show us that it's not just about the equipment, and that taking great macro images needn't be expensive.

Mike is a 'Tamron Image Master' and his articles and images have been published in photo magazines for over 15 years. He has an online Macro Photo Club with over 2,000 members from 18 countries and teaches workshops and speaks at photo conferences throughout the US.

Check out Mike's '[Tiny Landscapes](#)' website, Facebook and [YouTube channel](#).

Mike is an enthusiastic teacher and If you are inspired to learn more you can join his online Macro Photo Club for a one off lifetime membership fee. To book see overleaf.

If you would like to attend, the details are as usual, £5 per person to
